

i500B

Dental Lab Steam Cleaner

Electrical	120V
Water capacity	.66 US gallons – 2.5L
Operating pressure	50 PSI – 3.4 bar
Steam temperature	221°F – 105°C
Elements	1 – 1,000 watt
Power consumption	10 amps
Tank construction	Stainless steel
Low water indicator	Standard
Steam connector type	Quick-release
Net weight	14 lb – 6.35 kg
Shipping weight	16.5 lb – 7.48 kg
Product dimensions	14" x 8.75" x 11"
Shipping dimensions	16" x 12" x 16"
Country of origin	Italy
Electrical approval	cETLus
Warranty	Limited 1 year, 3 years tank

FEATURES

- i37 steam gun with 8' hose set
- 4 safety systems
- Pressure gauge
- Copper heating element
- Carrying handle
- 10-15 minute heat up time
- Up to 4 hours of continuous steam

THE POWER OF STEAM

The i500B produces 50 PSI of steam pressure and reaches temperatures up to 221° F at the tip. It's ideally suited for use in dental labs for cleaning away left over wax, plaster waste and other debris, and for polishing the final product.

WHY CLEAN WITH STEAM?

Steam deodorizes and sanitizes with heat and moisture and since the only ingredient required for the i500B is water, cleaning has never been safer, healthier or more environmentally friendly.

Smart. Professional. Reliable. Since 1955.
